Project Name	Global Food Production Trends and Analysis
Maximum marks	2 marks

Problem Statement (PS)	I am (Customer)	I'm trying to	But	Because	Which makes me feel
PS-1	A farmer	Increase my crop yield	I lack access to modern agricultural technology	I can't afford expensive machinery	Frustrated and helpless
PS-2	A food company executive	Optimize supply chain efficiency Ensure food security in my region	There are unpredictable fluctuations in food production	Weather conditions and demand vary I need	Stressed and uncertain
PS-3	A policymaker	Expand my market globally	Data on food production trends is scattered	I lack marketing resources and international connections I need better data visualization tools	Overwhelmed and concerned
PS-4	A coffee producer	Identify key food production trends	I struggle to compete with larger brands	Supply chain disruptions affect availability	Disheartened and limited
PS-5	A data analyst	Buy fresh and affordable food	The dataset is too large and complex	I need better data visualization tools	Frustrated and inefficient

PS-6	A grocery store owner	Stock the right amount of fresh produce	I can't predict demand accurately	Consumer preferences keep changing	Anxious about losses
PS-7	A consumer	Buy fresh and affordable food	Prices keep increasing	Supply chain disruptions affect availability	Frustrated and worried
